In order to make this conference financially stable, we need your help. There has been a trend to book rooms outside the Rotary room block reserved through the hotel. While you may save a few dollars, it adds up to serious dollars to the district that must be made up out of the district budget. You can guess who pays the district budget - it is the Rotarians of District 6900. When you use an outside booking agency, you are seriously impacting the budgeting process that takes place to enable us to have great conferences. If this continues, the only choice we will have is to lower the conference standards or raise registration fees by significant amounts. Please help control costs by using the reservation link provided. Thank you!
